

Because nothing else matters!

Dear Friends & Donors of We Care,

Another year is coming to a close in our life and the gift of a new year is being handed over to us! On the 30th January 2003, We Care will celebrate the 4th year of its existence. It is time for us at We Care to express our deep gratitude to all of you for generously sharing of your resources with the underprivileged and supporting us in our endeavor to create a better world. We thank you for truly being a **person who cares**.

The generosity displayed by our friends and donors during the year 2002 has been very encouraging. Your continued financial support to causes like education of children, vocational training, self-employment, care of the sick, care of the poor, care of those in need of housing, etc. has helped us to move forward with confidence and to take up projects in favor of the needy. Our newsletter giving detailed information on each of these projects will be sent to you later.

In the year 2003, we plan to take up two more projects in favour of education of children, one in Bangalore and the other in Assam. We hope these projects will benefit over 100 to 120 children both from the slums of Bangalore and the tribal areas of Assam. Our commitment to educate at least five girls in nursing every year will continue. Our commitment to reach out to at least one family having a leprosy patient too will continue. Our commitment towards the poor will not fail.

We feel confident that you will continue to encourage our work with your generous donations. We rely on your generosity and your good will to carry out programmes that benefit the poor and needy. Educating children, especially girls, is one of the most important focus of our work. **We welcome and encourage each of you to take up the education of at least one child during 2003.**

We remember you in our daily prayers. We hope and pray that God Almighty may bless you and your family members in a special way. We also pray that God Almighty may reward your generosity in ways that He knows best.

Once again thanking each one of you, our dear donors, volunteers and friends of We Care for joining hands with us in creating a better world - even in a small way. For those of you who celebrate the feast of Christmas, we wish you a very joy-filled season. And to all of you we wish a very grace-filled, peaceful and prosperous New Year 2003.

With best wishes,

Fr. Trevor D'Souza, OFM
